

**Argus Industrial (ARGUS)** provides a complete solution for clients with more unique foreign government liaison needs. ARGUS has assembled a highly adept team of subject matter experts to provide solutions which enhance the ability of our clients to operate globally. It is our commitment to provide a superior level of service, maintain regulatory compliance, and facilitate continuity of operations for each of our clients in each of the countries of operation.

We are fully dedicated to providing consistent and competitively priced foreign liaison services with the utmost levels of professionalism and to ensure our clients are presented with the most effective and timely solutions to operational challenges.

### Visa Processing Services

Visa processing is one of the greatest challenges a company can face when working in a host nation, ARGUS is able to streamline this process under a turnkey government relations framework. We offer a full spectrum of visa processing services as a standalone function or under a government relations contract that combines business and other licensing renewals along with ongoing visa processing.

### Business Registration Services

ARGUS Industrial offers bespoke business registration services based on the size of operation and type of business you will be conducting in-country. In most nations, there are several forms of registration. We are here to guide you through this process, ensuring you have the proper registration to function and thrive in the host country.

### Government Relations

These services include the initial registration of your business, subsequent renewals of required ministry issued licenses, visa processing, and general problem-solving services. We are capable of bridging the gap that many times forms between a foreign company and a local government and will work to ensure your business maintains compliance and continuity of operations.

### Area of Operations

- Iraq
- Afghanistan
- U.A.E.
- Qatar
- Turkey
- Uzbekistan
- Kyrgyzstan
- Republic of Georgia
- Azerbaijan

### Logistics Security Teams (US)

Our ARGUS Security Service Officers come from a variety of law enforcement and military backgrounds with a wide range of resources and experiences. All of our teams deploy with a Use of Force doctrine and Response Continuum designed to balance the need to maintain an effective security perimeter around your cargoes while adhering to the principles of self-defense.

### U.S. Foreign Corrupt Practices Act

ARGUS is committed to upholding the highest standard of compliance both in U.S. regulation and with host-nation legislation. The nature of our service offering is to conduct our business in several international locations. This can present the unique challenge of trying to observe local business customs while still complying with applicable U.S. and other laws prohibiting corruption. The U.S. Foreign Corrupt Practices Act ("FCPA") and other anti-corruption laws prohibit any payment or offer of payment to a "foreign official" for the purpose of influencing that official to assist in obtaining or retaining business for a company. ARGUS has established a robust compliance policy and auditing function to determine our level of FCPA risk in order to ensure that all employees of ARGUS, its agents, and its affiliates are aware of the FCPA and engage in ethical and legal practices. It is ARGUS's policy to comply with all applicable anti-corruption laws, regulations, and best practices.

### Personnel Solutions: Training, Manpower Provision, and General Consulting

Our close connection to the Defense and Security industries grants ARGUS unique access to individuals with highly sought-after knowledge and experience. This allows ARGUS to provide top-tier instruction in a range of subject matters, including Intelligence Gathering, Counter Intelligence Operations, Operational Tradecraft, Tactical Combat Casualty Care (TCCC), Firearms Handling, Law Enforcement Operations, as well as tailored courses for qualified clients.
